

Where? Doncaster, South Yorkshire, UK.

Do you love to help committed
Christians draw closer to God
and to each other?

*THIS MAY BE AN
OPPORTUNITY FOR YOU!*

Volunteer Short-Term Pastor Needed

Doncaster Baptist Church (DBC)

We seek to be active throughout the week loving and serving God, each other and our community. We encourage variety in worship and outreach to draw in residents, especially young people. We use our facilities to support our community and reach people for Christ.

Our worship is Bible-based, and our music prioritizes praise. We invite people to join us for refreshments after services to build relationships. We are a multi-ethnic congregation with some from Nigeria, Ghana, Hong Kong, India and China. About 30 of us worship each Sunday. We have recently added some young families.

The City of Doncaster

Employment in railway engineering and mining have been partially replaced by light engineering, technology and distribution companies. Even so, unemployment is twice the national average. Doncaster is a multicultural city that dates to Roman times. Historic cities, national parks and the east coast are within an hour's drive.

How the Finances Work

DBC will provide furnished accommodations with bills paid, a car with upkeep and insurance paid and will reimburse airline tickets and visa application fees. Volunteers will pay the immigration health surcharge fee (gives access to National Health Service) and living expenses. Assignments are usually 6-months.

One American couple's experience

"Our lives were deeply impacted by our five assignments as volunteer sort-term pastor in England. We were blessed by wonderful friendships and varied experiences including leading one church into their new building. It was such a joy to lead in the study and application of God's precious Word and invest in the lives of members. Our greatest encouragement came as we welcomed new members and witnessed spiritual growth in others." *Darrell and Faith Grice*
